

SUPRIYA NAGARAJAN

FULL STACK DEVELOPER | PYTHON

supriyanagarajan710@gmail.com | 9551513052 | <https://github.com/supriya25092007>

SUMMARY

Computer Science Engineering student with a focused orientation toward full-stack software development and the design of practical, technology-driven solutions. Demonstrates a strong inclination toward developing structured, scalable, and user-centric applications while continually refining analytical thinking and problem-solving capabilities. Keen to translate conceptual understanding into meaningful software solutions and to build a comprehensive foundation across the evolving landscape of modern application development.

INTERNSHIPS AND PROJECTS

Internship 1: CODENATIVES INDIA PRIVATE LIMITED (Full Stack Development Intern)

Project 1: Streaming-UI-Clone

- Clone of a streaming platform's user interface, built using HTML and CSS.
- **Github Repository** - <https://github.com/supriya25092007/streaming-UI-clone>

Project 2: Calculator

- Simple calculator application built with HTML, CSS, and JavaScript
- **Github Repository** - <https://github.com/supriya25092007/calculator>

Project 3: Rock Paper Scissors

- A simple implementation of the classic Rock Paper Scissors game using HTML, CSS, and JavaScript.
- **Github Repository** - <https://github.com/supriya25092007/rock-paper-scissors>

Project 4: Internship-Application-Tracker

- A web application for tracking internship applications, built with python.
- **Github Repository** - <https://github.com/supriya25092007/Internship-Application-Tracker>

EDUCATION

Bachelor of Engineering - Computer Science and Engineering

Meenakshi College of Engineering, Chennai
2025 - 2029 | Expected Graduation: 2029
Current CGPA : 8.54/10

Higher Secondary Education (Class - XII)

Velammal Vidyalaya, Mangadu - CBSE
Score - 84.8%

Secondary Education (Class - X)

Velammal Vidyalaya, Mangadu - CBSE
Score - 91.6%

TECHNICAL SKILLS

- **PROGRAMMING** - Python, JavaScript, C++
- **FRONTEND** - HTML5, CSS3, JavaScript
- **BACKEND** - MySQL
- **TOOLS AND TECHNOLOGIES** - Git, GitHub, VS Code, PyCharm, MySQL Workbench
- **CORE CONCEPTS** - Data Structures and Algorithms, Object-Oriented Programming

CERTIFICATIONS

- **Python for Data Science**
Certification covering Python programming and data analysis fundamentals.
- **HTML & CSS**
Certification covering the fundamentals of webpage structure and styling.
